

ATTENTION SENIORS!

DEADLINE - ON OR BEFORE WEDNESDAY, JANUARY 4

Due to printing schedule, we cannot extend this deadline!

The following information is needed from all senior concert band students for the Pops program and slide show:

1. Complete the senior bio form below
2. For the slide show: you need to submit a baby picture and a recent photo of you.
3. For the printed program bio: you need to submit a senior photo (we will use head shots only and can crop if necessary.) The program photo and slide show photos can be different or we can use the same photo for both.

Since we will be scanning the photos, you may submit them in any size and in either black and white or color. If you use the same photo for the slide show and the printed program, you only need to submit one photo plus the baby photo. The photo used for the printed program will be quite small, so a head shot is all that we will use.

- For electronic photos (preferred), please send full-resolution photo files only. No reduced-resolution web or thumbnail photos. You can send them to edinapops@gmail.com
- Please do not submit photos printed on regular paper. If you must print your photo at home, use photo paper and the highest resolution print setting you have.
